

*Take a stroll through the craft store ~ paper-edger scissors and paper punches come in all sorts of FUN designs! Punch snowflakes all around the top of a white shopping bag...cut a fancy scalloped edge on a lunch bag...play dress-up with wrappers for your Merry Mixes!

*Vintage is IN! Visit flea markets & tag sales and gather up an armload of jars, old tin canisters, flour sifters & colanders to hold your mixes.

* Draw a simple holiday design on a heavy card or tag ~ maybe a star? Then simply perforate holes in the outline of the design and connect the dots ... with bright red yarn in a fat needle!

What a fun handmade tag!

Wisdom is the principal thing; therefore get wisdom: and with all thy getting get understanding. - Old Testament, Proverbs 4 :7
