How did GOOSEBERRY PATCH GET STARTED?

You may know the story of GOOSEBERRY PATCH... the tale of two country friends who decided one day over the backyard fence to try their hands at the mail order business. Started in JoAnn's kitchen back in 1984, Vickie & JoAnn's dream of "A Country Store in Your Mailbox[®]" has grown and grown to a 96-page catalog with over 400 products, including cookie cutters, Santas, snowmen, gift baskets, angels and our very own line of cookbooks! What an adventure for two country friends!

The Country Friends Collection[®] just naturally came about, since Vickie & JoAnn are very much like Kate, Holly & Mary Elizabeth... each has her own way of doing things. (JoAnn drinks coffee; Vickie drinks tea... JoAnn likes chocolate with crunchy nuts; Vickie likes the creamy centers... JoAnn manages the business end; Vickie directs the creative.) You'll find Vickie & JoAnn's personalities in everything we offer, and we hope you enjoy our "Country Friends" as much as we do!
